since 1969 the united kingdom always has always had one submarine armed with nuclear tipped ballistic missiles underwater undetected in constant communication ready at a set notice to fire at targets anywhere in the world this is part of its trident programme which includes the development procurement and operation of the current generation of british nuclear weapons as well as the means to deliver them operated by the royal navy and based at clyde naval base on scotland s west coast it is the most expensive and most powerful capability of the british military forces in 2016 the united kingdom had to decide on whether to go ahead and build the next generation of nuclear submarines that will allow the uk to remain in the nuclear business well into the second half of this century the book presents the political

cultural technical and strategic aspects of trident to provide a thoughtful overview of the uk s complex relationship with nuclear weapons the authors both scholars and practitioners bring together diverse perspectives on the issue discussing the importance of uk nuclear history as well as the political legal and diplomatic aspects of uk nuclear weapons internationally and domestically also addressed are the new technical military and strategic challenges to the uk nuclear thinking and strategy

national intelligence cultures are shaped by their country s history and environment featuring 32 countries such as albania belgium croatia norway latvia montenegro the work provides insight into a number of rarely discussed national intelligence agencies to allow for comparative study offering hard to find information into one volume in their chapters the contributors who are all experts from the countries discussed address the intelligence community rather than focus on a single agency they examine the environment in which an organization operates its actors and cultural and ideological climate to cover both the external and internal factors that influence a nation s intelligence community the result is an exhaustive unique survey of european intelligence communities rarely discussed

what s the deal with biosimilars biosimilars are gaining momentum as new protein therapeutic candidates that can help fill a vital need in the healthcare industry the biological drugs are produced by recombinant dna technology that allows for large scale production and an overall reduction time in costs and development part of a two volume set that covers varying aspects of biosimilars biosimilars and interchangeable biologics strategic elements explores the strategic planning side of biosimilar drugs and targets issues surrounding biosimilars that are linked to legal matters this includes principal patents and intellectual property regulatory pathways and concerns about affordability on a global scale it addresses the complexity of biosimilar products and it discusses the utilization of biosimilars and related biological drugs in expanding world markets of specific interest to practitioners researchers and scientists in the biopharmaceutical industry this volume examines the science technology finance legality ethics and politics of biosimilar drugs it considers strategic planning elements that include an overall understanding of the history and the current status of the art and science of biosimilars and it provides detailed descriptions of the legal regulatory and commercial characteristics the book also presents a global strategy on how to build take to market and manage the next generation of biosimilars throughout their life cycle

this book seeks to demystify the persistence of the anglo american special relationship aasr in the post cold war era by constructing a new theory of alliance persistence this theory of alliance persistence not only has stronger explanatory power than the predominant model of interests and sentiments but also opens a new way for understanding what factors have prevented the aasr from collapsing this innovative new volume fills the gap in aasr literature by focusing on the important role

of institutionalization in sustaining the aasr a factor that has been significantly overlooked in existing academic research

some sections omitted from 2nd impression of the 105th ed
